Campus Security & Life Safety Announces Secure Campus 2019 Awards Winners

Dallas, Texas, March 26, 2019 – Campus Security & Life Safety magazine announced the 2019 winners of its Secure Campus Awards competition today. The awards honor outstanding campus security services and products.

As campus security continues to be a nationwide concern, this second year of the Secure Campus Awards program brought in nearly twice as many entries as last year. 1105 Media's Campus Security & Life Safety and campuslifesecurity.com branded media, along with regional Campus Security & Life Safety Summits, offer important information to the campus security market. The Secure Campus Awards are another way this brand recognizes the products and services key to the market.

An independent panel of judges from the security industry selected the top entries in the 2019 categories and named them winners using criteria including Features, Innovation, User Friendliness, Interoperability, Quality, Design, Market Opportunity and Impact in the Security Industry, Technical Advances, and Scalability.

"Campus Security & Life Safety's Secure Campus Awards program was incredibly successful for the second year in a row. The number of entrants and the innovative solutions we saw this year was outstanding — mirroring the dedication our industry has to campus security," said Sydny Shepard, executive editor of Campus Security & Life Safety magazine and its website, campuslifesecurity.com. "I am thrilled we are able to highlight the best products working to keep our campuses safe."
