

SafeZone

by criticalarc

The Unified Game Day and Surge Event Management Platform

*How Universities Are Optimizing Safety
Management for Student, Staff, and
Visitor Safety at Large-Scale Events*

CriticalArc's unique SafeZone® Solution is changing the way universities manage large-scale events and ultimately: the customer experience.

By equipping management and operations teams with complete situational awareness and state-of-the-art RTLS technology, SafeZone ensures optimal response & coordination to any incident.

See why your university should be the next.
